

Grade 7

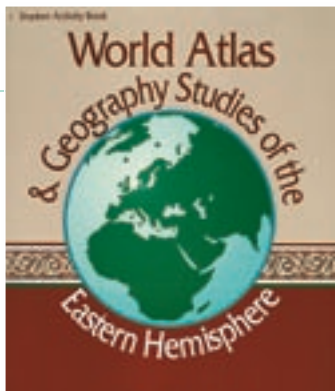

HISTORY OF THE WORLD in Christian Perspective

The world history course that set the standard for Christian school publications

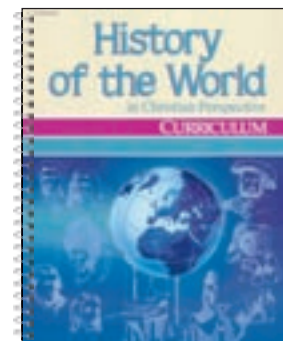

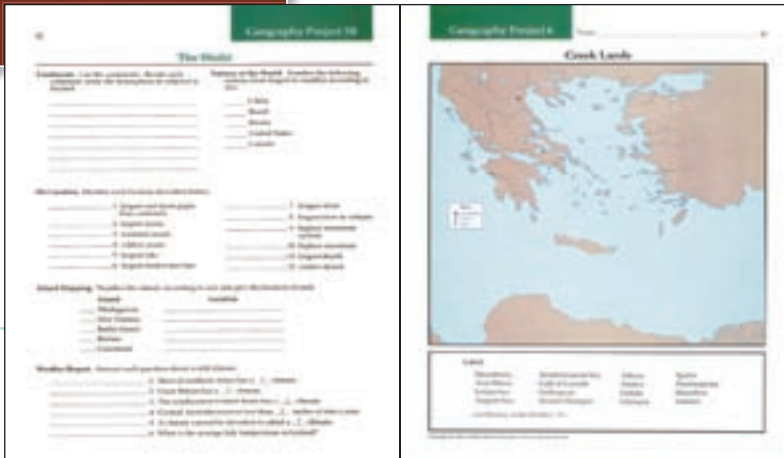

History of the World leads students on a journey through time from Creation to the late twentieth century. The Christian perspective is the thread that connects the past to the present in this fascinating narrative of world history, teaching students to recognize the hand of God in human events.

An abundance of full-color paintings, lithographs, and photos enhance the text. Colorful maps provide students with a geographic setting for historical events, while time lines help students place events in the chronology of world history.

World Atlas and Geography Studies: Eastern Hemisphere

Contains colorful maps and geography studies for the continents and nations of the Eastern Hemisphere. Students complete 13 geography projects.

AMERICA: LAND I LOVE in Christian Perspective

U.S. History from a conservative Christian perspective

Land I Love presents the history of America from the 1490s to the present with special emphasis on the personalities and events that shaped the American character. A variety of illustrations, maps, and photographs invite students to explore the past as they read this fascinating narrative account of U.S. history. Through the story of America's rise to greatness, students will learn to recognize the hand of God in history and to appreciate the influence of Christianity in government, economics, and society.

Geography Studies and Projects: Western Hemisphere

Contains colorful maps and geography studies for the continents and nations of the Western Hemisphere. A variety of map projects involve the student in learning important geographical information.

Civics Activity Book

Leads students in a study of national, state, and local government with a brief overview of the Constitution and a variety of interesting activity sheets. In addition to government, students also study the history, geography, and other characteristics of their state and local areas. Profiles of each state are given to highlight key facts about each.
